

Wet saws

Ideal for cutting bricks, stones, Poroton and other building materials — up to 30 cm in a single pass.

Exceptional stability even under heavy load thanks to a lowered centre of gravity.

- 5,5 HP engine with belt transmission
- Poly-V high efficiency transmission belt
- Stainless steel cart rails and armoured ball bearings
- Bilateral anti-tilting, and front locking systems on cart
- EZ-removable water basin with plastic cap and heavy debris protection
- Water cooling system featuring armoured pipe, tap and bilateral blade spray terminals
- Magnetic-induction pump
- Cutting system's vertical tilt capability allows for cut depth adjusting
- Front and bilateral side blade protection devices included
- Electrical system featuring magneto thermal protection and release coil
- Lowered centre of gravity
- Forklift handling bottom plates, crane handling holes and transport wheels included
- Supports \varnothing 750 blades
