

Ideal for cutting ceramics, porcelain, grès and other materials — up to 5 cm in a single pass. Easy 45° cut thanks to tiltable table.

Very compact and light-weight, yet extremely powerful.

- Powerful 1.3 HP engine
- Zinc-plated steel work table
- Easily removable water basin allows for very easy fill-up and cleaning
- Work table's side tilt capability eases up to 45° ("jolly") cut
- Adjustable lateral square helps both on straight and diagonal cuts
- Ships with continuous crown blade suitable for all ceramic and single-fire ceramic tiles
- Supports \varnothing 230mm blades
