

Wet saws

Ideal for cutting bricks, stones, Poroton and other building materials — up to 30cm in a single pass.

Single-phase or three-phase engine. Poly-V belt transmission.

- 3,4 HP 1-phase or 5,5 HP 3-phase engine
- Poly-V high efficiency transmission belt
- 100% Aluminium table chassis
- Extrastrong reinforced sliding cart, with bilateral anti-tilting, and front locking devices
- Stainless steel cart rails and armoured ball bearings
- Lowered center of gravity
- Retractable legs featuring high-end gum wheels for local displacement
- Water cooling system featuring armoured pipe, metallic tap and bilateral blade spray terminals
- Polyethylene water basin with screw-in cap
- Magnetic-induction pump
- Cutting system's vertical tilt capability allows for cut depth adjusting
- Back and bilateral side blade protection devices included
- Electrical system featuring magneto thermal protection and release coil
- Cart handles, table handles and transport wheels included
- Supports \varnothing 730 blades
